

You and I Both

Jason Mraz

Lyrics

Was it you who spoke the words
That things would happen but not to me?
Oh, things are gonna happen naturally
Oh, I'm taking your advice and I'm looking on the bright side
And balancing the whole thing.
Oh, but at often times those words get tangled up in the lines
And the bright light turns to night
Oh, until the dawn it brings
Another day to sing about the magic that was you and me
Cause you and I both loved
What you and I spoke of
And others just read of
Others only dream of, of the love
Of the love that I loved
See I'm all about them words
Over numbers, unencumbered numbered words;
Hundreds of pages, pages, pages for words.
More words than I had ever heard, and I feel so alive.
Cause you and I both loved
What you and I spoke of
And others just read of
And if you could see me now. Oh, love love
You and I, You and I
Not so little you and I anymore
And with this silence brings a moral story
More importantly evolving is the glory of a boy
'Cause you and I both loved
What you and I spoke of (of, of)
And others just read of, and if you could see me now
Well, then I'm almost finally out of
I'm finally out of. Finally deedeedeedeedeede
Well I'm almost finally, finally
Well I am free Oh, I'm free
And it's okay if you had to go away
Oh, just remember that telephones
Well, they're working it both ways
But if I never ever, never ever ever ever... hear them ring
If nothing else I'll think the bells inside
Have finally found you someone else and that's okay
'Cause I'll remember everything you sang
'Cause you and I both loved
What you and I spoke of (of,)
And others just read of, and if you could see me now
Well, then I'm almost finally out of
I'm finally out of. Finally deedeedeedeedeede
Well I'm almost finally, finally
Out of words.
